Citizens of the Hayward Area Recreation and Park District:

The following pages reflect the Hayward Area Recreation and Park District's Fiscal Year 2007/2008 Budget. Legal requirements call for the District to publish its Fiscal Year 2007/2008 Budget on or before August 10, 2007. In order to meet this deadline, this budget has, of necessity, been based upon assumptions, which undoubtedly may have to be adjusted when the final interpretations of the State budget become available.

The State of California's permanent annual shift of property tax revenue from the District to finance public schools continues to severely restrict both the District's day-to-day maintenance and operations, particularly our Capital Outlay Program. With the passage of Measure Q in June 1997, the District will continue to receive an additional \$3.3 million in property tax revenue to partially offset the property tax transfer losses.

The Fiscal Year 2007/2008 Operating Budget of \$22,988,502 (including the Special Tax created by the passage of Measure Q) represents a 6.31% increase of the 2006/2007 Actual. The Capital Outlay Budget is \$3,593,174, an increase of 9.99% of the Fiscal Year 2006/2007 Actual.

Revenue to support these planned expenditures will be generated from (1) Property Taxes of \$13,715,850 (2) Special Assessment Tax of \$3,370,000 (3) Fees and Admissions of \$6,481,002 (3) Grants, In-Lieu Fees and Other Capital Project Funding of \$1,504,760 (4) Interest of \$173,500 (5) Contractual Rent/Leases of \$118,812 (6) Other Park Operations of \$245,000 (7) Prior Year Contingency Funds of \$5,145,945 and (8) Other Miscellaneous Income of \$40,209.

The District will make every effort to obtain the maximum possible funding when the State Budget is finalized. Also, as has been the case in past years, we will continue seeking additional funds from all possible sources. Any additional funds will be used to improve or expand existing facilities, acquire additional park sites and offer additional recreation programs.

This budget has been adopted by Board of Directors with the provision that changes, which result from subsequent actions of the California State Legislature, may be incorporated at a later date.

1. The Capital Outlay Budget finances capital projects for the District. Such projects are usually confined to the acquisition, development or improvement of land or buildings. Projects funded under this budget must meet certain criteria; definitions of which have been generally defined for state and local governments by the National Committee on Governmental Accounting. These definitions, together with recommended fiscal procedures are set forth in a printed publication which is periodically revised and is used as a guide by independent auditing firms for auditing local government agencies.
2. The FY 2006/07 actual expenditures and encumbrances reflected an increase of \$1,746,709 from the FY 2006/07 Adopted Budget. The resources for the expenditures are comprised of both the District's money and outside funding. The ongoing annual payments are for notes payables of Mission Hills of Hayward Golf Course and Mission Hills of Hayward Driving Range, the capital lease payments for the Honeywell Alarm Systems and the Golf course vehicles.

Details of completed and ongoing capital projects for FY 2006/07 are listed in the following pages.

3. The FY 2007/08 Adopted Budget reflects an increase of \$326,436 from the FY 2006/07 actual expenditures and encumbrances. Due to the uncertainty of grant funds available, some revenue is not included in the Budget until the funds are actually received. The annual expenditures are note payments for the Mission Hills of Hayward Golf Course and the Mission Hills of Hayward Driving Range, and the capital lease payments for the Honeywell Alarm Systems and the Golf course vehicles. Details are listed on the following pages.
