Important Questions	Answers	Why This Matters:
What is the overall deductible?	\$0 Individual / \$0 Family	See the chart starting on page 2 for your other costs for services this plan covers.
Are there other deductibles for specific services?	No, there are no other deductibles.	Because you don't have to meet deductibles for specific services, this plan starts to cover costs sooner.
Is there an out-of-pocket limit on my expenses?	Participating: \$1,500 Individual / \$3,000 Family Per calendar year.	The out-of-pocket limit is the most you could pay during a policy period for your share of the cost of covered services. This limit helps you plan for health care expenses.
What is not included in the out-of-pocket limit?	Premium, balance-billed charges, health care this plan doesn't cover, and prescription drugs.	Even though you pay these expenses, they don't count toward the out-of-pocket limit .
Is there an overall annual limit on what the insurer pays?	No, this policy has no overall annual limit on the amount it will pay each year.	The chart starting on page 2 describes any limits on what the insurer will pay for <i>specific</i> covered services, such as office visits.
Does this plan use a network of providers?	Yes, this plan uses participating providers. If you use a non-participating provider your cost may be more. For a list of participating providers, see www.uhcwest.com or call 1-800-624-8822 for a list of participating providers.	If you use a participating doctor or other health care provider , this plan will pay some or all of the costs of covered services. Be aware, your participating doctor or hospital may use a non-participating provider for some services. Plans use the term participating, preferred , or participating for providers in their network . See the chart starting on page 2 for how this plan pays different kinds of providers .
Do I need a referral to see a specialist?	Yes	This plan will pay some or all of the costs to see a specialist but only if you have the plan's permission before you see the specialist for covered services.
Are there services this plan doesn't cover?	Yes.	Some of the services this plan doesn't cover are listed on page 4. See your policy or plan document for additional information about excluded services .

- **Co-payments (copays)** are fixed dollar amounts (for example, \$15) you pay for covered health care, usually when you receive the service.
- **Co-insurance (co-insurance)** is *your* share of the costs of a covered service, calculated as a percent of the **allowed amount** for the service. For example, if the plan's **allowed amount** for an overnight hospital stay is \$1,000, your **co-insurance** payment of 20% would be \$200. This may change if you haven't met your **deductible**.
- The amount the plan pays for covered services is based on the **allowed amount**. If a non-participating **provider** charges more than the **allowed amount**, you may have to pay the difference. For example, if a non-participating hospital charges \$1,500 for an overnight stay and the **allowed amount** is \$1,000, you may have to pay the \$500 difference. (This is called **balance billing**.)
- This plan only covers services if rendered by network participating providers. Exceptions include emergency services as described in your policy.

Other limitations on your rights to continue coverage may also apply.

For more information on your rights to continue coverage, contact the plan at 1-800-624-8822. You may also contact your state insurance department, the U.S. Department of Labor, Employee Benefits Security Administration at 1-866-444-3272 or visit <http://www.dol.gov/ebsa>, or the U.S. Department of Health and Human Services at 1-877-267-2323x1565 or visit <http://www.cciio.cms.gov>

For questions about your rights, this notice, or assistance, you can contact your human resource department or the Employee Benefits Security Administration at 1-866-444-3272 or visit www.dol.gov/ebsa/healthreform or California Department of Insurance at 1-800-927-4357 or visit <http://www.insurance.ca.gov/>.

Additionally, a consumer assistance program may help you file your appeal. Contact California Department of Managed Health Care Help Center at 1-888-466-2219 or visit <http://www.healthhelp.ca.gov>. Questions and answers about Coverage Examples:

<p>What are some of the assumptions behind the Coverage Examples?</p> <ul style="list-style-type: none"> • Costs don't include premiums. • Sample care costs are based on national averages supplied to the U.S. Department of Health and Human Services, and aren't specific to a particular geographic area or health plan. • The patient's condition was not an excluded or preexisting condition. • All services and treatments started and ended in the same coverage period. • There are no other medical expenses for any member covered under this plan. • Out-of-pocket expenses are based only on treating the condition in the example. • The patient received all care from in-participating providers. If the patient had received care from out-of-participating providers, costs would have been higher. 	<p>What does a Coverage Example show?</p> <p>For each treatment situation, the Coverage Example helps you see how deductibles, co-payments, and co-insurance can add up. It also helps you see what expenses might be left up to you to pay because the service or treatment isn't covered or payment is limited.</p>	<p>Can I use Coverage Examples to compare plans?</p> <p>✓ Yes. When you look at the Summary of Benefits and Coverage for other plans, you'll find the same Coverage Examples. When you compare plans, check the "Patient Pays" box in each example. The smaller that number, the more coverage the plan provides</p>
	<p>Does the Coverage Example predict my own care needs?</p> <p>✗ No. Treatments shown are just examples. The care you would receive for this condition could be different based on your doctor's advice, your age, how serious your condition is, and many other factors.</p>	<p>Are there other costs I should consider when comparing plans?</p> <p>✓ Yes. An important cost is the premium you pay. Generally, the lower your premium, the more you'll pay in out-of-pocket costs, such as co-payments, deductibles, and co-insurance. You should also consider contributions to accounts such as health savings accounts (HSAs), flexible spending arrangements (FSAs) or health reimbursement accounts (HRAs) that help you pay out-of-pocket expenses.</p>
	<p>Does the Coverage Example predict my future expenses?</p> <p>✗ No. Coverage Examples are not cost estimators. You can't use the examples to estimate costs for an actual condition. They are for comparative purposes only. Your own costs will be different depending on the care you receive, the prices your providers charge, and the reimbursement your health plan allows.</p>
