Bidder Questions

6. Q: What is the engineer's estimate?
A: There is no formal engineer's estimate on this project. HARD anticipates the contract value to be less than \$135,000.

7. Q: The document that was provided and downloaded for the bid form has security on it. It does not allow you to extract pages or save them so we can edit it with a clean version.
A: Perform the Save As command on the document to enter information directly in the file.

8. Q: What is schedule for amount of days to complete project? I see completed by Oct. 30. but did not see start reference to calculate amount of days.
A: Refer to item 4 under Owner Notes/Updates.

9. Q: Can you provide a list of RFP Recipients?
A: See the list of RFP Recipients at the end of the Addendum. The list is generated from the Hayward Area Recreation and Park District CUPCCAA Contractor Registration List, 2019.

10. Q: Are there any piers associated with the project?
A: There are no known piers associated with the demolition work.

11. Q: You mentioned this was a CUPCCAA Contract, is there different registration we need to bid on this project? Or are there any different nuances with a CUPCCAA contract than a traditional prevailing wage public works project?
A: A different registration is not required to bid on the project. This is a Public Works contract and will be registered with DIR. Therefore, all tiers of contract must have a valid DIR number. The CUPCCAA requirements are included in the RFP for review. See Page 2 of the Bid Form Item 7. for Prevailing Wage Requirements.

12. Q: Could we utilize our excess liability to help meet the insurance requirements for this project? Additionally, could builder's risk be waived, since there is no new construction within the scope of work?
A: Refer to item 5 under Owner Notes/Updates.
